BUFFALO THE LARGEST GRAIN MARKET IN THE WORLD.

There has been a large aggregate increase in the imports of grain at this port. The following will show the receipts for three years:

1853.....	bu. 11,078,731
1854.....	18,553,435
1855.....	19,788,473

The excess of the past season over 1854, is 1,235,018 bushels, and 1853, it is 8,709,732 bushels. Ten elevators, therefore, have had the "handling" this year of 19,788,473 bushels grain; that is, they have taken this amount from the vessels at the wharves, stored it, and again discharged it for transportation eastward.

Reducing flour to wheat at five bushels to the barrel, the amount of grain received here during the season of

1855 was.....	bu. 24,471,279
1854.....	22,252,235

The total increase, thus calculated, over 1854, is 2,220,043, and over 1853, 8,515,752.

The following table will present a view of the receipts and exports of grain at some of the principal grain ports of the world, compared with those of Buffalo for 1855:

BALE'S AMERICAN ANNUNCIATOR

For Hotels and Private Families.

MANUFACTORY, N^o. 232 MAIN STREET.

Patented February 27th, 1855.

The Proprietors of this Machine feel that the great inconvenience in all machines made hitherto, has been, that if one wire should be drawn tighter than another, the whole machine is rendered useless in striking the bell, which is not the case with this, every wire being independent of the other in its action on the bell. The proprietors feel confident, from the preference already given to it, together with its simplicity and cheapness—being at least thirty per cent. cheaper than any other in use—that it is the only machine to be depended upon.

All Orders Attended to by the Manufacturer.

Experienced workmen sent to all parts of the United States and Canadas.

SANCTIONED BY THE FACULTY OF MEDICINE.**TARRANT'S PREPARATIONS.**

The attention of the Medical Profession and the Public is invited to the following preparations:

TARRANT'S EFFERVESCENT SELTZER APERIENT,

Prepared on an entirely new principle, from a late and accurate analysis of the celebrated SELTZER SPRING, IN GERMANY, combining efficacy, economy and portability, with such additions and improvements as will be found materially to increase its efficacy. This much esteemed and highly valuable preparation will not fail to effectually remove Dyspepsia or Indigestion, Bilious Affections, Headache, Heartburn, Acidity of the Stomach, Costiveness, Gout, Rheumatism, Loss of Appetite, Gravel, Nervous Debility, Nausea or Vomiting, Affections of the Liver, &c., &c.

FAMILY MEDICINES.**Tarrant's Cordial Elixir of Turkey Rhubarb,**

Takes its place as the best remedy for Dyspepsia or Indigestion of the present day; and, for its efficacy and safety deserves the name of being in truth a Family Medicine. Those who suffer from excessive fatigue, mental anxiety or insatiable appetite of whatsoever kind, will find it to be a medicine of extreme value. It is particularly recommended to those suffering from Bilious and Nervous Headache, Diarrhoea, Constipation, Flatulence, Indigestion, Summer Complaints, Cholera Morbus, &c., &c. The utmost reliance can be placed on it, both as to its innocent nature and highly curative qualities.

TARRANT'S INDELIBLE INK.

A superior article, warranted by the proprietor, and acknowledged by all who have tested it, to be the best article of the kind now in use.

Tarrant's Compound Extract of Cubebs and Copaiba.

Sanctioned by popular opinion and high authority of the most distinguished of the medical faculty, it offers to the afflicted a remedy, whose success has in every instance supported its deserved reputation. Being convenient and agreeable in its use, experience has proved that it retains its desirable and truly valuable character. It is in the form of a paste, is tasteless, and does not impair the digestion. It is prepared with the greatest possible care, upon well tested principles. To persons following the sea, or going long voyages, this preparation possesses qualities for surpassing any other—nest and portable in form, speedy and efficacious in its operation, successful, both in the earliest and worst stages of the severest disease, while the usual and nauseous taste and unpleasant odor of Copal is wholly avoided in this preparation.

Prepared and sold, wholesale and retail, by JOHN A. TARRANT, successor to James Tarrant, 278 Greenwich, corner of Warren Street, New York, and for sale by all the principal Druggists in the United States, British Provinces, West Indies, and South America.

Thorn's Compound Extract of Copaiba and Sarsaparilla,

Possesses a few advantages not enjoyed by any other medicine for the cure of the afflicted, and which must, with an enlightened public, render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form, that of a paste, it is entirely tasteless, and causes no unpleasant sensation to the patient. It has acquired the utmost fame in every part of Europe, has been examined, approved, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession.

Prepared by J. B. THORN, Chemist, London, and for sale wholesale and retail, by J. A. TARRANT, sole agent for the United States, 278 Greenwich Street, New York.

IMPORTANT CAUTION.—The increased reputation and great demand for THORN'S COMPOUND EXTRACT OF COPAIBA AND SARSAPEARILLA have induced others to offer imitations of this valuable medicine. Vendors are particularly warned of this fact, that they may be on their guard, and not dispose of an impure article, calculated to injure their reputation, and destroy the merits of the original preparation, to obviate which, the subscriber (successor to James Tarrant, by whom it was first introduced into the United States,) has attached his signature to this caution, counterfeiting which is forgery.

JOHN A. TARRANT.

COE'S HARMATTAN, the most efficient external application extant for the cure of Ulcers or Fever Sores, Abscesses, Pustules, Blisters, Carbuncles, Fistula, Ulcers, Neuralgia, Burns, Wounds, and every species of external inflammation.
